

MEMORANDUM FOR: Director of Security

SUBJECT : Request for Security Survey [REDACTED]

STAT

REFERENCE : Security Survey Report --
CIA Archives and Records Center
dtd 12 May 1966

1. The recommendations in the subject survey have been implemented in part but attempts to install a more sophisticated alarm system have not succeeded. Several construction and procedural changes have taken place since your 1966 survey and on 26 May 1972 the Executive Director-Comptroller assigned to me responsibility for the Agency Archives and Records Center.

2. In view of the lapse of almost six years since the original survey and because of several subsequent changes I am requesting that a new survey be conducted of the security at the CIA Archives and Records Center [REDACTED]
